

Adjustable Steel Cable - Lockout Tagout - Style 12

STORE SKU
ASC012

Cable lockout with a 2.4 m steel cable and a glass-filled nylon body that resists chemicals and impact.

TECHNICAL DATA

- **Cable length:** 2.4 m (customisable on bulk orders)
- **Cable diameter:** 3.3 mm
- **Lockout points:** 1 (expandable with a hasp)
- **Colour:** red
- **Lock body material:** glass-filled nylon
- **Cable material:** multi-stranded steel with clear plastic insulation

APPLICATION

The cable threads through valve handwheels, levers and gate handles, and is pulled tight to the length needed. Takes 1 padlock directly, and more when used with a hasp from this range. The cable is multi-stranded steel under a clear plastic insulation.
