

Universal Gate Valve Lock with Cable and Arm

STORE SKU
UGV007

Universal gate valve lock with a cable and a blocking arm.

TECHNICAL DATA

- **Material:** nylon & steel
- **Handle thickness:** up to 28 mm.
- **Handle width:** up to 40 mm
- **Colour:** red

APPLICATION

Clamps to the valve handle, extends a blocking arm against the valve body, and passes a cable through the handwheel to hold it against a fixed point. The two together suit valves where neither the arm nor the cable alone would restrain the handle. Fits handles up to 40 mm wide and 28 mm thick.
