

Industrial Plug Lockout Device

STORE SKU

EPL002

Lockout device enclosing an industrial plug.

TECHNICAL DATA

- **Material:** durable ABS plastic
- **Padlock hole diameter:** 8.5 mm
- **Colour:** yellow

APPLICATION

The disconnected plug is placed inside and the device is closed, so the plug cannot be reconnected while it is locked. The yellow body distinguishes it from the red plug lockouts in the range. Takes a padlock with a shackle up to 8.5 mm.
