

Butterfly Valve Lockout

STORE SKU
BVL002

Compact butterfly valve lockout for the valve handle latch.

TECHNICAL DATA

- **Material:** nylon
- **Colour:** red
- **Padlock hole diameter:** 4 mm

APPLICATION

Fits over the latch on a butterfly valve handle and holds it out of the operating position. The nylon body suits duties where a metal device is not wanted. Takes a padlock with a shackle up to 4 mm, which is narrower than most safety padlocks in the range.
